**I sent this out to 20 of my Facebook friends INBOX and 3 people who think they can help. The goal is to contact 300 people, in 30 days. Lofty I know but at this rate that would be 45 new possibilities.**

**Fast or slow it all works.**

Hey I hope everything is going well.

You may have noticed I have partnered with The Juice Plus Company. We are working on a wellness project for the rest of this fall plus into the winter and I need your help. Everybody knows how important it is to be healthy. I'm just curious DO YOU KNOW ANYONE who might be interested in a side project helping people get healthy?

Would it be ok if I send you a quick video to look over which explains our company and what we are up to? It is pretty awesome watching people get healthier right away. If you don't know anyone that's ok, no worries.

### **Message 2** (thank you)

Thanks for getting back to me. I'm really excited about this project, so I appreciate you taking a look. I'll type out the link below. First, I wanted to tell you about my connection to the product and the company. Personally, I love what the product has done for my health and the company has been a great source of cash flow for me – it's very simple and does not take much time. The video explains the product, the business and the wellness project, so one or the other might be of interest.

14 years ago when I heard about the Juice Plus products I thought we could give them a try, we were not doing so great in the fruit and vegetable department. After taking Juice Plus for a while my husband was able to go off his blood pressure and cholesterol medication, my 2 kids were able to stop their ADD medications too. Because of the Juice Plus Orchard, Garden and Vineyard blends our family not only got healthier we saved \$600 a month (\$7,200 annually) for the last 13 years.

This is really awesome. Last March The Juice Plus Company came out with a new healthy detox, weight loss, rejuvenation program and I decided to give it a try. I was skeptical at first, I had tried many weight loss programs in the past, where I did lose weight and of course gain it back again. To my surprise I not only lost 20 lbs. in the 1st month, I lost 10 lbs. the second month and have lost a total of 55lbs. and have kept it off now for 4 months just like the program says it will.

### **Message 4** (your business story)

The company is pretty awesome too. When I heard about the work at The Juice Plus Company I started out thinking this would be a Plan B just for a little extra money for our family. The Juice Plus Company offered a full benefit package and after a while I began to realize The Juice Plus Company would make a great Plan A.

I'm glad I did. For over 10 years I have loved being in charge of my time, give to my favorite charities and be in charge of my future income.
